Charging time^

GP Recyko batteries (2 or 4 pcs AA/AAA/C/D, 1 or 2 pcs 9V)	Size	Capacity	Charging time
	AA	1300-2600 mAh	4-8 hrs
	AAA	650-950 mAh	2.5-4 hrs
	C	3000 mAh	6 hrs
	D	3000-5700 mAh	6-12 hrs
	9V	200 mAh	6-12 hrs

^ Charging time is subjected to the power rating of the USB adaptor with 5V/2A DC output and varies depending on battery capacities. Approximate charging time is based on the same battery size and capacity at ambient temperature (20°C).
